# FINANCE INNOVATION, IN A NUTSHELL

## Who we are

Finance Innovation, created by the French Ministry of the Economy and the Île-de-France region, is a cluster of general interest and a trusted third party for its members and its ecosystem.

It is dedicated to the digital and sustainable transformation of the financial ecosystem, through the support of innovative projects led by startups in the financial sector, as well as the support of major groups in identifying innovation trends.

Finance Innovation federates the players in the finance ecosystem and creates opportunities for meetings and partnerships, both business and capital, to promote innovation, competitiveness in France and abroad, and job creation.

## Strategic ambitions

- 1 Identify and accelerate Fintechs and their innovative projects
- 2 Contribute to the digital and sustainable transformation of finance and the economy
- 3 Set up R&D projects in digital finance on a national and European scale

## Key players

- Major groups
- Public authorities and professional federations
- SMEs and innovative startups
- ESN, consulting firms, incubators, gas pedals
- Academics and R&D

## Impact

Finance Innovation has more than **600 members** and **680 accredited projects** since 2007, which have raised 2.8 billion in private funding

## 7 sectors

- ★ Insurance
- ★ Banking
- ★ Decentralized finance - Web 3
- ★ Sustainable green finance
- ★ Audit & consult
- ★ Asset management
- ★ Real estate

# PARTNERS SERVICES OFFER

You will participate in Finance Innovation activities that will increase your exchanges with the ecosystem and enhance your innovation strategy.

## SOURCING

- **Innovation Day:** you will be able to benefit from half a day of meetings with Finance Innovation startups to meet your needs
- **Investors committee:** you will join an investors' club including meetings with pre-selected startups that are actively seeking funds
- **Labelling committee:** you will be able to participate in the labelling committees that take place for each of Finance Innovation's sectors in order to meet the leaders of the latest innovative projects

## NETWORKING AND MONITORING

- You will participate in working groups and brainstorming sessions on current topics and trends in the financial ecosystem
- You will attend the events of Finance Innovation and its members
- You will benefit from customized workshops on the key issues of tomorrow's finance (technology, services, business model, etc.)

## BUSINESS

- You will be offered to share your support and partnership offers with Finance Innovation members
- Your latest news will be shared on our different communication channels
